## AUTOGRAPH

ALUMINIUM DOOR COLLECTION

 **MADE IN  
BRITAIN**

# WHY CHOOSE AN ALUMINIUM DOOR?

- 1 STRONG AND SECURE**  
Aluminium provides the perfect combination of light weight and high strength.
- 2 LONG LASTING PERFORMANCE**  
With a lifespan measured in decades rather than years.
- 3 ENERGY EFFICIENT**  
Our Autograph Doors provide enhanced performance and efficiency.
- 4 LOW MAINTENANCE**  
There is no complicated maintenance, just a simple wipe down is all that's needed.
- 5 WEATHER RESISTANT**  
Our doors are extremely weatherproof, with high levels of water and wind resistance.
- 6 THE 'GREENEST' CHOICE**  
Aluminium is infinitely recyclable and our raw material is responsibly sourced.

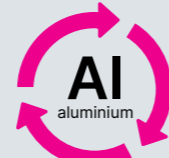

**75%** of the aluminium ever produced is still in use today

**90%** of energy used is saved by recycling aluminium

**100%** of our aluminium is responsibly sourced

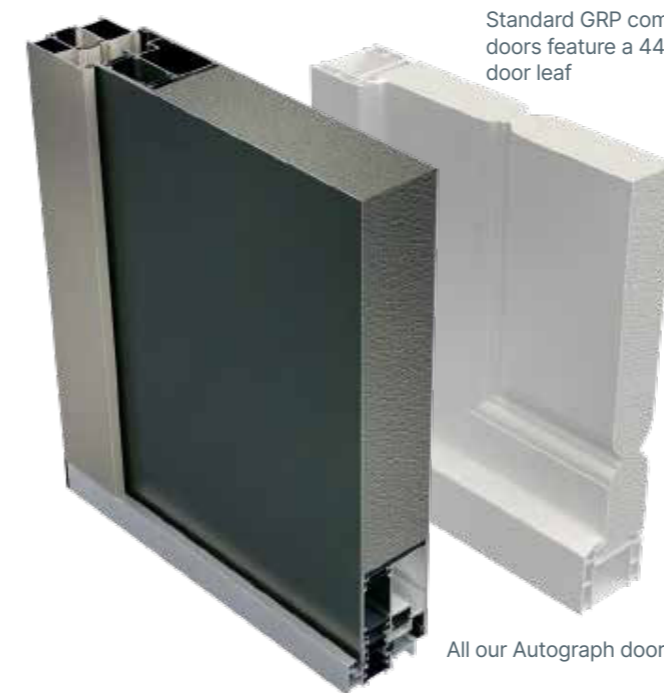

Aluminium can be **infinitely recycled**

Autograph doors are

# 36% THICKER THAN GRP

(Glass Reinforced Plastic), composite doors.

With a thickness of 60mm (compared to 44mm for GRP composite doors) our aluminium composite door leafs provide superior strength and security. They present a powerful visual and physical deterrent to potential intruders.

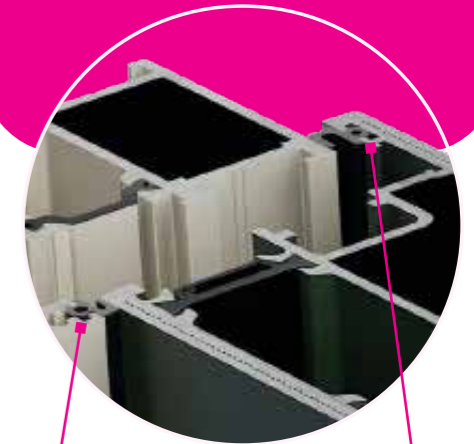

Standard GRP composite doors feature a 44mm door leaf

All our Autograph doors feature a 60mm door leaf

## CLASS LEADING WEATHER SEALS

All our doors are finished with two separate weather seals – one inside and one outside – providing superior weather protection as standard.

Our Autograph Doors have also been designed with a 'thermal break', which effectively helps prevent cold air from outside coming into your home, and the warmth from inside escaping.

Interior Weather Seal

Exterior Weather Seal

Unlike a standard GRP Door our doors have 2 rebated weather seals

**We are extremely proud that the complete Autograph Door collection is manufactured entirely in the UK.**

From the initial design stage, through production and painting, to packaging and delivery, every element of the process takes place in England. And being UK based, not only are our doors Made in Britain, but they are also designed specifically for the UK market, engineered to handle the UK's most challenging weather.

# UNBEATABLE SECURITY FOR YOUR HOME

1

**PAS24 COMPLIANT**

Fully compliant with the requirements of the industry standard PAS24, every Autograph Door provides outstanding protection, at the heart of which is our 3\* cylinder, backed by a £4,000 guarantee.

2

**HIGH SECURITY LOCKING SYSTEM**

All of our locks conform to British Standards version BS3621.

3

**3 STAR CYLINDER**

For complete peace of mind, our 3\* Kitemarked Euro cylinder provides guaranteed protection.

4

**SECURITY GLAZING**

All our glazed doors benefit from laminated and toughened, double glazed units that are PAS24 approved.

5

**STRONG AND DURABLE ALUMINIUM PANELS**

All doors are manufactured using 1.5mm aluminium sheet as standard.

6

**3 HEAVY DUTY HINGES**

Our adjustable door hinges offer long life performance and maintenance free operation. They have low friction bearings for smooth door opening and are fully adjustable in 3 directions. These heavy duty hinges are resistant to 80kg of pressure per hinge.

**£4000  
GUARANTEE**

We are so confident in our 3\* cylinders that they are backed by a £4,000 guarantee.

See page 5.  
Terms & conditions apply.

## Your homes' security IS GUARANTEED

It isn't just style that comes as standard with every Autograph Door. Each door also provides outstanding security.

Our attention to detail extends not only to the quality of our doors, but also to the hardware that provides those all-important finishing touches, and the locks that secure them. With over 80,000 different key combinations, and a choice of locking mechanisms that includes slam lock, hook and deadbolt locks, every Autograph Door provides outstanding protection.

**ANTI"SNAP**  
Even if the lock is snapped, an intruder can't gain access to the lock's inner workings.

**ANTI"BUMP**  
'Bumping' is a process of making the pins jump above the shear line, anti-bump prevents this.

**ANTI"PICK**  
The locks are made in such a way that they are almost impossible to pick.

**ANTI"DRILL**  
Hardened steel anti-drill pins are located at each side of the cylinder.

## CHOOSE YOUR COLOUR

Whether you want your door, frame and accessories to perfectly match or boldly contrast, we have a huge range of colours to achieve your perfect design.

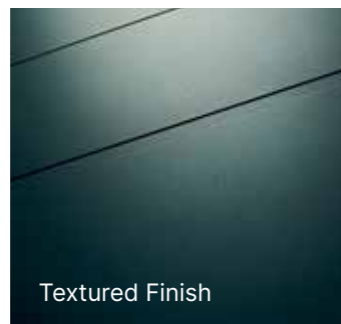

The inside and outside of your door can be finished in the same or different colours, as can the inside and outside of your door frame.

So, you could select all four elements perfectly matched, or subtly (or strikingly) different.

The choice is yours.

Matt Finish

Textured Finish

### LIMITLESS COLOUR OPTIONS

## CHOOSE YOUR ACCESSORIES

## CHOOSE YOUR GLAZING

Harley Frame & Sash Platinum Grey

Clear Glazing

Satin Glazing

Our clear or satin finish double glazed units let light into your entrance or hallway, without compromising the safety or security of your Autograph Door.

### Now it's yours...

## MAINTENANCE

Our aluminium composite doors are the ultimate when it comes to low maintenance.

To keep your Autograph Door looking as new, every three months simply wash it with warm soapy water, using a non-alkaline liquid detergent and a non-abrasive cloth or sponge. Rinse thoroughly with clean water and then dry using a soft cloth. Then every six months, simply lightly oil the door's moving parts (hinges, handles, hooks, deadbolts etc).

That really is all there is to it.

You'll never have to re-paint, re-varnish or treat your aluminium door. The finish of your door and frame will stay exactly as you specified, looking fantastic for decades to come.

That's our guarantee.

Soft cloth

Light detergent

Fresh Water
